John W. Flood, Principal

A capable, friendly, square-dealing gentleman, whose thoughts and actions dominate and influence pupil and teacher alike is the man—John W. Flood—who has been guiding our destinies for the last four years. He is one who combines reason with pleasure, wisdom with mirth, and whose personality is ever winning friendships, and yet one who demands high standards of citizenship and scholarship.

In 1906 Mr. Flood was graduated from the Rushville High School at Rushville, Ohio. He attended Ohio State University from which he received his E. E. degree in 1911 and his B.S. degree in 1918. Upon completing his thesis, he will receive his M. A. degree from Ohio State University this summer.

Mr. Flood has had a successful teaching career at West as well as other schools. At West he has been science teacher, department head, assistant principal, and principal. He has taught for five summers at the Municipal University of Akron, and he plans to teach three classes in Secondary School Education there during the summer months.

Perhaps from daily appearances about school one could not imagine Mr. Flood dressed in an old worn suit ready for fishing or hunting, but such a picture helps one to realize his love of nature and the out of doors. Yes, that is he in a baseball uniform. Mr. Flood boasts of having played a regular position of third baseman on the varsity squad at Ohio University, and also coaching both baseball and football at Lancaster and New Bremen High Schools.

It is little wonder that a man of so many activities and such sterling character should stand foremost in the hearts of students and teachers at West.

Review of Administration

The present enrollment at West High is 1753. This is an increase of one hundred and five over the fall semester. Previously the highest point reached was in March 1926 when 1720 students were registered.

Pupils at West may now receive instruction on the harp at a nominal charge. The Board of Education has established centrally located quarters where eight harps have been placed for students from each of the six high schools. Harry Chalmers, a noted harpist, is the instructor.

The faces of many popular instructors are missing from West's halls and classrooms this year. Mr. Charles E. Hilbish accepted a position as Assistant Superintendent of the Schools of Northumberland County, Pennsylvania. Mr. B. F. Weiss is principal of the high school of Troy, Ohio. Miss Elsie Bridge is gymnasium teacher at East Orange, New Jersey. Mr. E. H. Hummel is at the Hower Trade School. Miss Hazelbelle Shirey has become Mrs. William Battig of Milwaukee, while Mi s Lenore Krager is Mrs. Roger Short of Youngstown. Mr. Ralph E. Chapel, on leave of absence because of illness, expects to return to West next fall. Mr. Dwight Packard, also on leave of absence, is working for his Master's Degree at Western Reserve University.

Miss Margaret Allen, Mr. Claude A. Arnold, Mrs. Evelyn Bradley (substitute) Miss Dorothea Esther Dice, Miss Madora H. Frederick, Miss Josephine Hinsdale, Miss Myrtle Horseman, Mrs. Bess Emery Kauffman, Mrs. Winnifred Mabry, Mr. A. H. Mase, Mr. Oscar E. Peddicord, and Mr. Donald Schoner are the new members of the faculty this year. Mr. H. M. Ault, Miss Lorraine Austin, Miss Lois Barrett, Miss Alice Dey, Mrs. Marguerite Dilley, Miss Dorothy Ann Hassenflue, Miss Hildegard E. Hein, Miss Neva F. Holman, and Miss Marc'a Smart are the cadets teaching at West this year.

GERALDINE CAROLYN YOUNG, *"Gerry"*

Course: Classical; *Activities*: Editor of Rodeo, Secretary of Senior Class, Secretary of National Honorary Society, President of Girls' Glee Club, Citizenship Pin, Vice-President of Dramatic Club, Student Tutor, Class Play.

The senior staff can't find a "write-up" that Gerry doesn't cut. Possibly she'll let this by: she is lazy, homely, conceited, and, in fact, entirely worthless.

JOSEPH SEIBERT, *"Joe"*

Course: Technical; *Hobby*: Golf; *Ambition*: Business; *Activities*: President of Honorary Society, Vice-President of Senior Class, Rodeo Business Manager, Citizenship Pin, Student Senate, Hi-Y, Student Tutor and Manager, Corridor Guard.

MARGARET BOLDUC, "Peg"

ELLSWORTH EBLEN, "Bud"

Course: Commercial; Hobby: Banking; Ambition: Accounting; Activities: Thrift Club.

Since Ellsworth is such a thrifty boy, we can't understand why he has so many lady friends.

WEST *vs* ELYRIA

For the first game of the season West's team journeyed to Elyria where it revenged itself for the defeat Elyria handed it the previous season. This game was the first of the season, and it was played in the new Elyria Stadium, which was dedicated on this occasion. West was the first to score in this stadium when Sobul blocked an Elyria punt deep in Elyria territory, and Hawkins fell on the ball over the goal line. Tobin kicked the extra point.

Elyria scored late in the last quarter, but quarter-back Beiger failed on his try for point. Thus ended Elyria's hopes for a tie game.

WEST *vs* WOOSTER

West opened its home season at Wooster Stadium by defeating Wooster 28 to 0. West, by using straight football, soon put the ball in position for scoring, and Bill Kneale took it over for the first touchdown in the first five minutes of play. The West line showed up well on defense, and Wooster could make only three first downs.

In the second quarter, Kneale made two more touchdowns after the ball had been placed in a scoring position by the work of Tobin, Tretta, and Smith. In the third quarter Tobin sneaked over for West's fourth touchdown and in the last quarter kicked a field goal to make the score 28 to 0.

Football

WEST *vs* PIQUA

For the third game of the season West journeyed 200 miles to Piqua only to lose at the hands of the Piqua team 13 to 12. West was first to score when Brewster carried the ball over in the first quarter. Tobin failed on the kick. In the second half Piqua scored first when a pass, Babbitt to Lloyd, was good for a touchdown. Piqua again scored in the third quarter when two penalties put the ball on West's one yard line. Babbitt made good his try for point.

Tobin put over the second touchdown for West in the last quarter but failed to make the try for point by inches.

WEST *vs* KENMORE

In the third win of the season West's cowboys galloped over Kenmore for a 26 to 7 score. Numerous fumbles prevented West from having a larger score in the first quarter.

Kenmore was first to score when Bachtel ran 70 yards through the whole West team for a touchdown. The try for point was made. Soon after, Brewster carried the ball over for West's first touchdown. "Maxie" Tretta was the star of the game. He thrilled the crowd with his ability to run the ends and grab passes out of the air. Tobin and Tretta each scored in the third quarter. Kreisleman put over the fourth touchdown for a score of 26 to 7.

WEST *vs* GARFIELD

West played its first city series game with Garfield, whom it defeated 25 to 13. This was Garfield's first year in the city series. Speed in getting started gave Garfield two touchdowns in the first half. West also scored twice in the first half, and the score at the half was 13 to 13. West woke up in the second half and played brilliant football. Garfield was unable to gain through the line or on passes. West also scored two touchdowns in the last half to give them a 25 to 13 victory. West showed up well on both defense and offense.

Frank Pappano

WEST *vs* EAST

West lost its second city series game to East by a score of 6 to 0 at Seiberling field. Just before the game started, Pokorosky, the East star, who was injured in the Central game, was brought to the field in an ambulance and received a big ovation from both East and West.

The only score came in the first quarter when East blocked a West punt, and Keeney passed fifteen yards to Morgan, who fell over the line for the goal. Brewster, Tretta, and Kneale were the stars for West, while Keeney, Morgan, and Averitt were stars for East. East and Central Played their second 0 to 0 game the Saturday before.

The fact that East scored so easily in the first quarter seemed to take the heart out of the West players to such an extent that they were unable to put across a touchdown in face of the East defense, although they put up a good fight.

Football

WEST *vs* SOUTH

West lost its third city series game to South by a score of 34 to 6. Art Graham, the South expert quarter-back and captain, handled his team well and took all the breaks of the game to South's advantage. South started by scoring in the first quarter and kept on scoring. Tobin also handled the West team in fine shape, but West could not seem to get started. The sensation of the game came when Tim Brewster, West's star half-back, got away to a 70 yard run for a touchdown in the last quarter. This saved West from a shutout.

WEST *vs* NORTH

In the fourth game Coach Beichly started seven West subs and four West regulars. These subs under the direction of Ralph Harpster, quarter-back, gave good account of themselves and scored 21 points to North's 12 in the first three quarters of the game. Then Coach Beichly put in the rest of the regulars. Several minutes later North scored. West opened up and at last scored, giving them the game 28 to 18. Tim Brewster played one of the best games ever played by a high school half-back in the city. He gained at will through the North line and acted like a college player on the defense.

WEST *vs* CENTRAL

The last city series game was played with Central. West lost 44 to 0. It was the worst defeat suffered this year.

It cannot be said that West went down without fighting. They fought to the last second but lost. Verne Charleton, the Central half-back, was the outstanding star of the game. The breaks seemed to come his way, and he completed a 95 yard run, an 88 yard run, and a 75 yard run besides runs of smaller gains. This game ended the playing of most of the West Varsity. At the banquet given later Tim Brewster was elected captain for 1928.

SECOND TEAM

Since West's Second Team lost most of its last year's players to the Varsity this fall, it did not make a good showing this season. The following men were removed to the Varsity from the Second Team: Brewster, Mathews, Tretta, Kreiselman, Pappano, Buffington, Fisher, and Myers.

The seconds lost their first game to Stow High School 6 to 0 . Stow scored in the first quarter on a pass. Although West tried bravely to tie the score, she failed.

For the only win of the season West defeated Barberton's seconds 12 to 7 at Barberton. Quarterback Harpster handled the team very well.

West suffered a 13 to 7 defeat at the hands of Kent. Smulbach made the touchdown for West, and Harpster made good the extra point.

The West Second Team played Garfield to a 0 to 0 tie at Garfield. Both teams played fine ball but lacked the punch to score when near the goal.

Journeying to Canton the West Second Team played Canton McKinley, only to be defeated 14 to 0.

Harpster and Chorpening showed up so well that they were moved to the first squad near the end of the season. Next year it is expected that Harpster will be regular quarterback as Tobin graduates.

BASKETBALL SQUAD

West won the first game of the season from Medina 29 to 8. Sobul was high point man with eleven points.

With 20 points to his credit Tobin walked off with scoring honors when West defeated Elyria 32 to 27.

For the third straight win West defeated Barberton 27 to 21. Martin was high point man with 13 points.

West defeated Wadsworth for the fourth win of the season 36 to 17. Tobin was high point man with 17 points.

The Alumni were defeated 33 to 18 by the Cowboys in the fifth game of the season.

A 43 to 24 defeat was handed Massilon for the sixth win of the season.

West walked away with a 30 to 20 victory over Wooster with Tobin again high point man.

Lima was the eighth team to suffer defeat at the hands of West by a 43 to 27 score.

Myer's foul and Sobul's long shot won for West a victory over Kenton with a score of 20 to 19. High point honors went to Tobin, who won 13 points. This was the closest game West played all season.

In the same manner that West's other opponents had met defeat so did Ashland by a score of 27 to 20. Living up to his reputation Tobin again received high point honors.

City Championship Team

In the first of the city series games West defeated Garfield 26 to 19 and thus avenged itself for last year's defeat in the tournament. Tobin and Myers were high point men with nine points each.

Sharon fell before West with a 26 to 22 defeat.

The East-West game proved to be one of the closest of the city series clashes. However close, the cowboys managed to bag the long end of a 19 to 17 score with Myers tallying eight, the highest number of points for the fame.

New Philadelphia was the victim of a 56 to 26 defeat. Tobin scored 20 of the points, two less than scored by the whole New Philadelphia team.

The following week West defeated North 34 to 14. Although North was rated a good chance to win, West went wild, and Tobin scored eleven points for high score of the evening.

Following the North game West journeyed to Cleveland, where it defeated Lakewood 24 to 14.

West defeated South for its third city series win by a 42 to 25 score. It was a fast game, and there was no let up until the end. Sobul was high point man for West with 14 points. This was the fifteenth victory for West. In the opinion of many local sport writers West showed as perfect form as had ever been displayed by a high school team in the city.

To climax the city series tilts West defeated Central, the only other undefeated team in the state of Ohio, to clinch the first city championship it had ever won. The Central coach started his subs. at the beginning of the game with the intention of tiring and exciting the West regulars by playing a stalling game. At the middle of the third quarter the Central regulars entered the game, but the fact that they had been inactive for three quarters accounted for their slowness in getting started. The Goodyear gymnasium was filled to capacity, and several thousands were turned away from the doors long before the game started.

Basketball

For the first tournament game West played Ravenna, the the Trolly League Champs, and defeated them 27 to 16. From the first West had no trouble in scoring, and Ravenna only threatened once in the third quarter when it made 5 points before West got started. Tobin was high point man.

West defeated Garfield in the second tournament game 24 to 10. This is the second time West has defeated Garfield this year. As it was Garfield, who put West out of the tournament last year, West thus was avenged. The score at the half was 16 to 3 West. Tobin starred for West, while Popeka and Davis starred for Garfield.

West defeated Lakewood for the second time this year 36 to 20. The cowboys showed good form and played a good game, while Lakewood, not being used to a large floor, was somewhat handicapped.

West lost its only game of the season to South in the semi-finals of the tournament by a 22 to 18 score. The cowboys put up a good fight, but they could not win. West lost to South, the Students are proud of the team that has won 20 games in one season. West is the only team in the city who has ever won so many games in one season. West went through its regular season undefeated.

Fred Brock Lawrence Brewster William Kneale Carl Burnham

FRED BROCK—captain of the 1927 track team, ran the mile and the relay.
LAWRENCE BREWSTER—heaved the discus 110 feet for first place at the city meet.
WILLIAM KNEALE—ran the 100 yard dash and the relay.
CARL BURNHAM—scored West's lone point at the state meet held at Columbus.

Track

The 1927 track team had a fairly successful season considering that Fred Brock was the only veteran back.

The inter-class meet, arranged by Mr. Boots, was a thriller in which the seniors nosed out the juniors after the latter had led most of the meet by a score of 60½ to 50½. Many good prospects were found in this meet, and most of the events were run off in good time. The sophomores placed third with 22 points, and the freshmen came in last with 11 points.

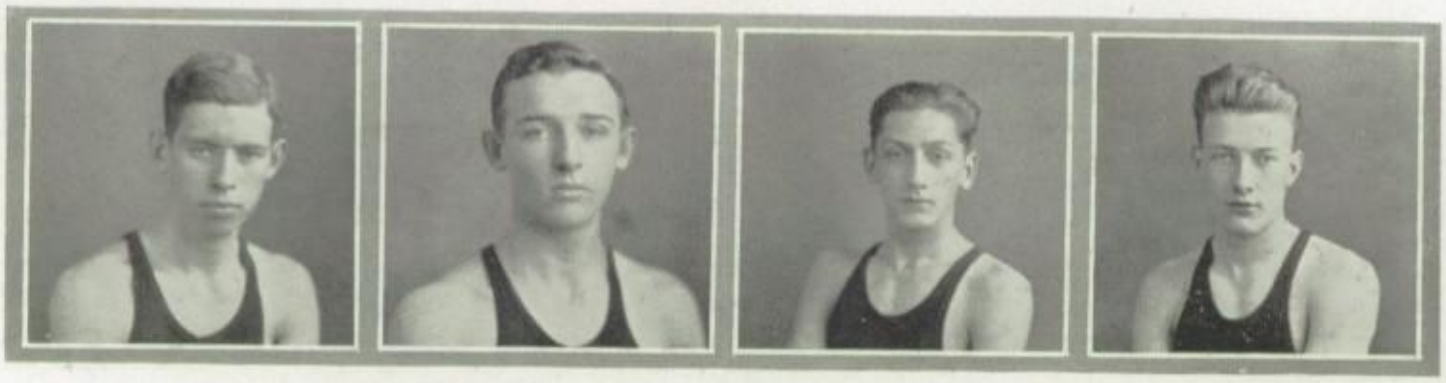
The first official meet was the Ohio Relays, held at Columbus, where the best teams in Ohio meet to participate. In this meet West entered only one team, composed of Woolcock, Wolfe, Scudder, and Burnham, and pulled down a second in the 880 yard relay.

The next meet, held at Massilon, was a triangular affair among Massilon, Akron South, and West. The result of the meet was: Massilon first, South second, and West third. Inability to score in the field events, where the cowboys scored only one point, cost West the meet.

Surprising all, West won the half-mile and placed second in the mile and a half relays at Lakewood. A shield was awarded for winning the former event, and the following boys received medals for their efforts: Brock, Burnham, Woolcock, Snyder, Sagadensky, Scudder, and Kneale.

May 14 the team engaged in another triangular meet with Akron East and Akron Central. The meet was close all the way. By winning the relay, East managed to nose out Central and win the meet 47 to 44.

The events were run off in a downpour of rain.



Kenneth Gambee Ward Kanaga, Cyril Woolcock Glen Hout

KENNETH GAMBEE—placed in the high hurdles at the city meet.
WARD KANAGA—ran on West's relay team.
CYRIL WOOLCOCK—captain elect of the 1928 track team, ran the 440 yard dash and the mile relay.
GLEN HOUT—placed in the high jump at the city meet.

Track

At the qualification meet held at Massilon April 15th, West placed fifth, scoring 12½ points in the track events. Salem won the meet with 41 points. Canton McKinley placed second.

Carl Burnham, Cyril Woolcock, and Fred Brock, placing in the 100 yd., 440 yd., and mile runs, respectively, were the only West boys to qualify for the state meet.

At the state meet held at Columbus, where the greatest assemblage of track athletes in Ohio is brought together, Carl Burnham scored West's lone point, placing fifth in the 220 yard dash. Columbus Central won the meet; Lakewood placed second. Twenty-two former records were broken.

The city meet held June 4th, was a thriller in which East managed to nose out Central by five points. South placed third, West fourth, Garfield fifth, and North last. The meet was close all the way. Up to the last two events, the discus and relay, it looked as though the Central Wildcats were going to win the meet for their second consecutive year. However, by placing men in the discus and winning the relay, East pulled the meet out of the fire. The 100 and 220 yard dashes were bitterly contested by Carl Burnham and Pokorosky of East. Burnham won the 220 yd., and finished second in the 100. The 440, the most widely watched event of the group, was won by Sauer (South), Kern (Central) was second, and Woolcock (West), third. The race was very close. By sprinting the last 20 yards, Sauer won from Kern by 5 yards. Tim Brewster upset the dope when he won the discus with a heave of 110 feet. Other results were: Glen Hout tied for third in the high jump, and Kenneth Gambee placed fourth in the high hurdles. Woolcock made second in the half mile, and West's relay team, third. The following men by placing in the meet were awarded their letters: Woolcock, Burnham, Brock, Kneale, Kanaga, Hout, Sagadensky, and Brewster. The team held its banquet at Spindler's Inn at which Cyril Woolcock was elected next year's captain.

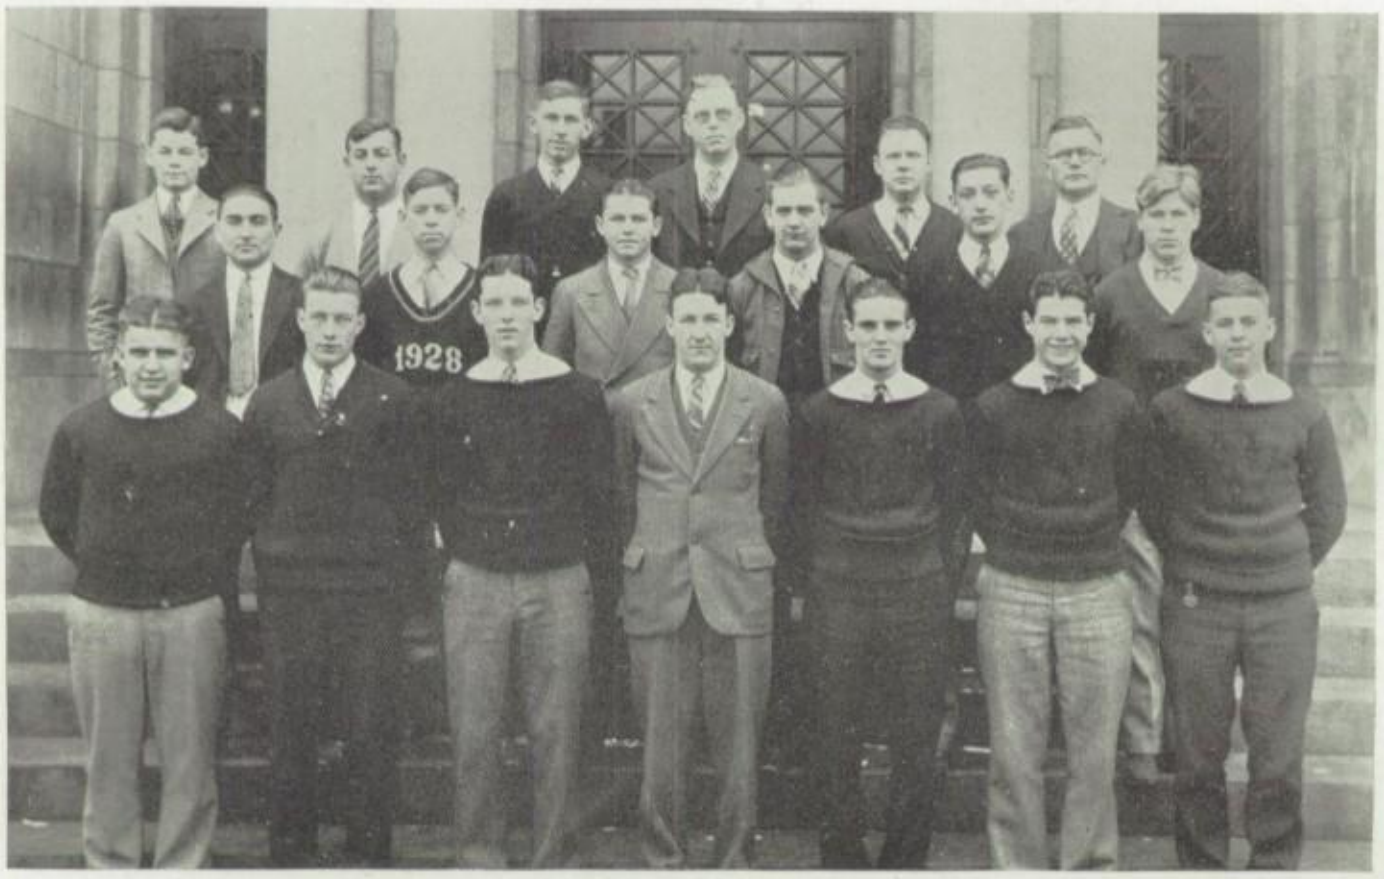
Second row:—Mr. Hummel, Harry Snyder, David Baylor, Wilbur Barnes, Ellis Lowen, Ward Kanaga, Gerald Rowland, Charles Hutchison, Mr. Tucker.
First row:—Arthur Scudder, Walter Zintel, Lawrence Brewster, Kenneth Gambee, Carl Burnham, Fred Brock, Glen Hout, Homer Wolfe, Cyril Woolcock, Harold Kindig, William Kneale, Mr. Hilbish.

Track Squad

Superiority in the field events brought victory to the seniors in the annual interclass track meet. It was closely contended all the way with the seniors winning six first places, the juniors, five, and the sophomores, one.

Individual scoring honors went to Carl Burnham, senior. Entered in three events and the relay, he scored a total of 13¼ points out of a possible 16¼. He won the broad jump, the 100 yard dash, and was third in the javelin throw. Woolcock, a junior, with a total of 11 points won second high scoring honors. The best performance of the meet was made by Woolcock, who ran the 440 in the unusually fast time of 54¼ seconds, despite the fact that he was running on a track that needed conditioning. Woolcock also won the 220 yard dash and was fourth in the broad jump. Another senior, Howard Zintel received third high scoring honors with a total of 10 points. First place in both the discus and shot put accounted for his points.

The most interesting event of the meet proved to be the relay, won by the senior team, composed of Burnham, Scudder, Frazier, and Ernest. The victors grabbed the lead in the beginning and held it throughout the race. Burnham was left a fair advantage by Frazier, third man, but the lanky senior easily pulled away from Wolfe, the last junior man. The time for the event was 1 minute, 57 seconds. Hout, a sophomore, made the only first place for his class by winning the high jump. Other first places in the meet went to the following: Kimberland, 880 yard dash; Lovey, mile run; Taylor, pole vault; Kern, javelin.



Third row:—Byron Martin, Lawrence Brewster, George Hawkins, Mr. Tucker, Mr. Boots, Mr. Flood.

Second row:—Mr. Weiss, Kenneth Gambee, James Brock, Harry Reilly, Glenn Hout, Bill Kneale.

First row:— Dwight Myers, Cyril Woolcock, Horace Smith, Coach Beichly, Paul Tobin, John Palmer, Gail Myers.

Not in picture:— Carl Burnham.

Boys' "W" Club

The Boys' "W" Club is composed of all varsity lettermen who wish to join. The purpose of the organization is to promote athletics throughout the school, although it has many social activities as well.

This year eleven new men were initiated into the club. Four received their letters in track, and seven received them in football.

The club, organized by former Principal E. L. Marting in 1914, has six members who were initiated two years or more ago. They are: Paul Tobin, three years; Harry Reilly, Horace Smith, Cyril Woolcock, Gail Myers, and William Kneale, each two years. In football the requirements to win a "W" are: to play fifteen quarters and part of one city series game; in basketball, to play in one-half of the games scheduled; in track, to score at least one point in the City Track Meet.

The club held a picnic on Monday evening, October 24, at Brewster's cottage on East Reservoir. Coach Beichly, Mr. Tucker, and Mr. Weiss furnished most of the entertainment when they were initiated as honorary members of the club.

On the evening of January 13 the combined boys' and girls' "W" Clubs held a mixer for a general get-together and dance. Homer Wolf, West track man, and his Rainbow Players furnished the music.

Girls' Athletics

Although Mrs. Mabry came to us only at the beginning of this year, she has become quite an indispensible part of our school life. Whenever a certain dark-fiery head towers above a group of eager girls, action is soon to follow. Whether the girls belonged to a gym class or a basketball squad, they felt her influence equally.

Mrs. Mabry, who was known until last summer as Miss Winnifred Johnson, attended North-Western University at Evanston, Illinois, where she was a member of the Alpha Gamma Sigma, National Physical Education Sorority. Since leaving college she has taught at Galena, Illinois, where she was supervisor of physical education; Rockford, Illinois; and Seiberling School of our own city. She has also done playground work in Evanston, Rockford, and Freeport, Illinois, as well as in Akron. At Freeport she was playground supervisor. She names as her hobbies—golf and girls. She says she has enjoyed particularly the work in basketball and baseball during her stay at West.

Miss Hein and Miss Holman are members of the class of 1928 at the Municipal University of Akron. They each spent half of the fall semester at West doing practice teaching and observation in physical education. Miss Hein, a member of the Kappa Kappa Gamma Sorority, is greatly interested in the art of fencing, as well as all other athletics. Miss Holman, a member of the Sigma Delta Theta Sorority, has held a place on the Womens' Rifle Team at the University for several years. She also enjoys hockey and socker.

Varsity Hockey

With a large number of last year's players and a good backing of new-comers the girls' hockey team bid fair for an excellent season. Nine of last year's letter girls were available. However, games could be scheduled with only two schools, Central and East, because of some opposition to girls' interscholastic athletics. But these two games proved to be so closely matched that they made the hockey season, however short, very worth while.

The first, against Central, showed greatly improved playing over that displayed in practice. The ball hovered about Central's goal nearly the whole game. Central's clever defense trick and several very fast players in the forward line helped to keep the game a fast one to the end.

The East game was expected to be a very hard one, but the Cowbelles found themselves not only equal to but even slightly superior to the hard-hitting East team. Excellent pass work and a strong back field were mainly responsible for this.

Practices were held at Perkins Woods, and games, at the reservoir field opposite Seiberling School.

Reba Cleveland was elected captain and Zelma Conway, assistant captain. They aided not only in choosing the line-up but also in coaching, besides being themselves invaluable members of the team.

Basketball

Freshman Team

Celia Chappell, Marguerite Barrackman, Lois Craven, Mildred Harner, Grace Harris (Captain), Blanche Beile.

As each of the four teams of girls' basketball step to their places, the freshmen take the lowest position, not because of any lack of determination or "pep." They are to be commended for the fine showing and good sportsmanship they showed, even though some of them were playing a game entirely new to them. "Just wait until we are seniors!" we heard Grace Harris, captain, say.

Sophomore Team

Julia Harrington, Marie O'Brien, Jean Thornton, Catherine Tobin, Margaret Ann Krutzler, Esther Harter (captain).

The sophomores, though hardly as successful as they had wished, showed much interest and spirit by coming out with the greatest number of players of any class. From more than thirty girls Esther Harter was elected captain. Though downed by the seniors and juniors, the sophomores defeated the freshmen 8 to 0.

Basketball

Junior Team

Vera Pontious, Marguerite Sucher, Marion Snyder, Reba Cleveland (captain), Zellah Hensal, Nancy Kanaga.

The junior team, with Reba Cleveland as captain, showed fast, snappy playing against the rival seniors, but only succeeded in running up a score of 8 to the others' 14. However, they displayed their superiority over the sophomores by a 3-0 score and over the freshmen by a 10-0 score.

Senior Team

Zelma Conway, (captain), Helen Hahn, Marion Thomas, Virginia Adams, Mary Grace Harrington.

In the regular fall semester round of girls' inter-class basketball the senior team was winner of the class tournament. With "Connie" Conway as captain and several others of last year's varsity squad, the team made a straightforward path to victory. Each player was rewarded in recognition chapel with a bold "1928" in red and black felt.

Fourth row:—Miss Wagner, Virginia Adams, Lucile Whoeler, M. G. Harrington, Marguerite Zahrt, Marie O'Brien.

Third row:—Penelope Lapishe, Edith Laughlin, Florence Saunders, Reba Cleveland, Margaret Schnieder, Gertrude Cronan.

Girls' "W" Club

For six years the Girls' "W" Club has been representative of girls' athletics in West's wide circle of clubs. The club is made up only of girls who have received their first letter and have been duly voted and initiated into it by the active members. The letter is earned by a system of points in four groups: sports in season outside athletics gym work, and hygiene. The point system makes it possible for every girl who is willing to put forth some effort in athletics to earn a letter.

The activities of the club include all sorts of outdoor get-togethers. Every term a banquet is held in connection with the initiation of new members. This year the girls' club combined with the Boys' "W" Club in sponsoring a big mixer for all the school.

Cronan, Cleveland, Sucher, Hahn

The second letter, a large old English "W", is the highest athletic honor, with the exception of the gym medal, that a girl can receive at West. To earn it she must previously have received her first letter, have played on a team in all sports, and have placed in all meets held during the school year. No work done while she is working for her first letter can be counted toward the second.

To the left are the four girls who received their second letters in January of this year.

Rodeo Executive Staff

My name is Rodeo. This is my fifth birthday, and to celebrate the occasion I've got a bright new red cover.

What I am I owe to my mistress, Geraldine Young, editor, and to the group pictured above, for they have been solely responsible for me this year.

Franklyn Churchill, assistant sport editor, helped secure football and basketball copy. Since he was not a senior, his picture was not used with the staff. Although Jack Adams (of course, you know him) was busy with work on the *Lariat*, he drew the funniest pictures, especially the one called "What a Senior Thinks About". I guess he must know. My division pages were given to me by Dorothy Goldberg. Marcelline Spencer sketched all the emblems for my organization section. Pauline Bryant was responsible for getting all my letters typed and was also a member of the classes staff. After graduation in January William Vance and Laura Jane Stillman came back to school and spent many hours in my behalf. I am indebted to Marguerite Zahrt for the lettering in the feature section. To Miss Elizabeth Stevenson I wish to express my sincere appreciation for the many suggestions she has offered and also for the countless hours she has spent to make my fifth anniversary successful.

I only hope I haven't disappointed my public.

Third row:—Thaddeus Golitz, advertising; Sylvia Roth, seniors; Esther Stanick, typist; June Bayer, classes; Doris Savage, typist; Alice George, typist.

Second row:—David Radam, assistant circulation mgr.; Fae Sarchet, feature editor; Mary Grace Harrington, organizations; Wade Surbey, advertising.

First row:—Mr. Neuenswander, faculty advisor; Nina Ellis, classes; Milo Shaffer, assistant business mgr.; Albert Mathias, advertising mgr.; Helen Trafford, organizations; Joseph Seibert, business mgr.

Rodeo Executive Staff

All of my financial affairs were taken care of by my master, Joe Seibert, the business manager, and the Rodeo Business Staff, composed of Albert Mathias, advertising manager, Milo Shaffer, assistant business manager, David Radam, Thaddeus Golitz, William Sheck and Wade Surbey, assistants.

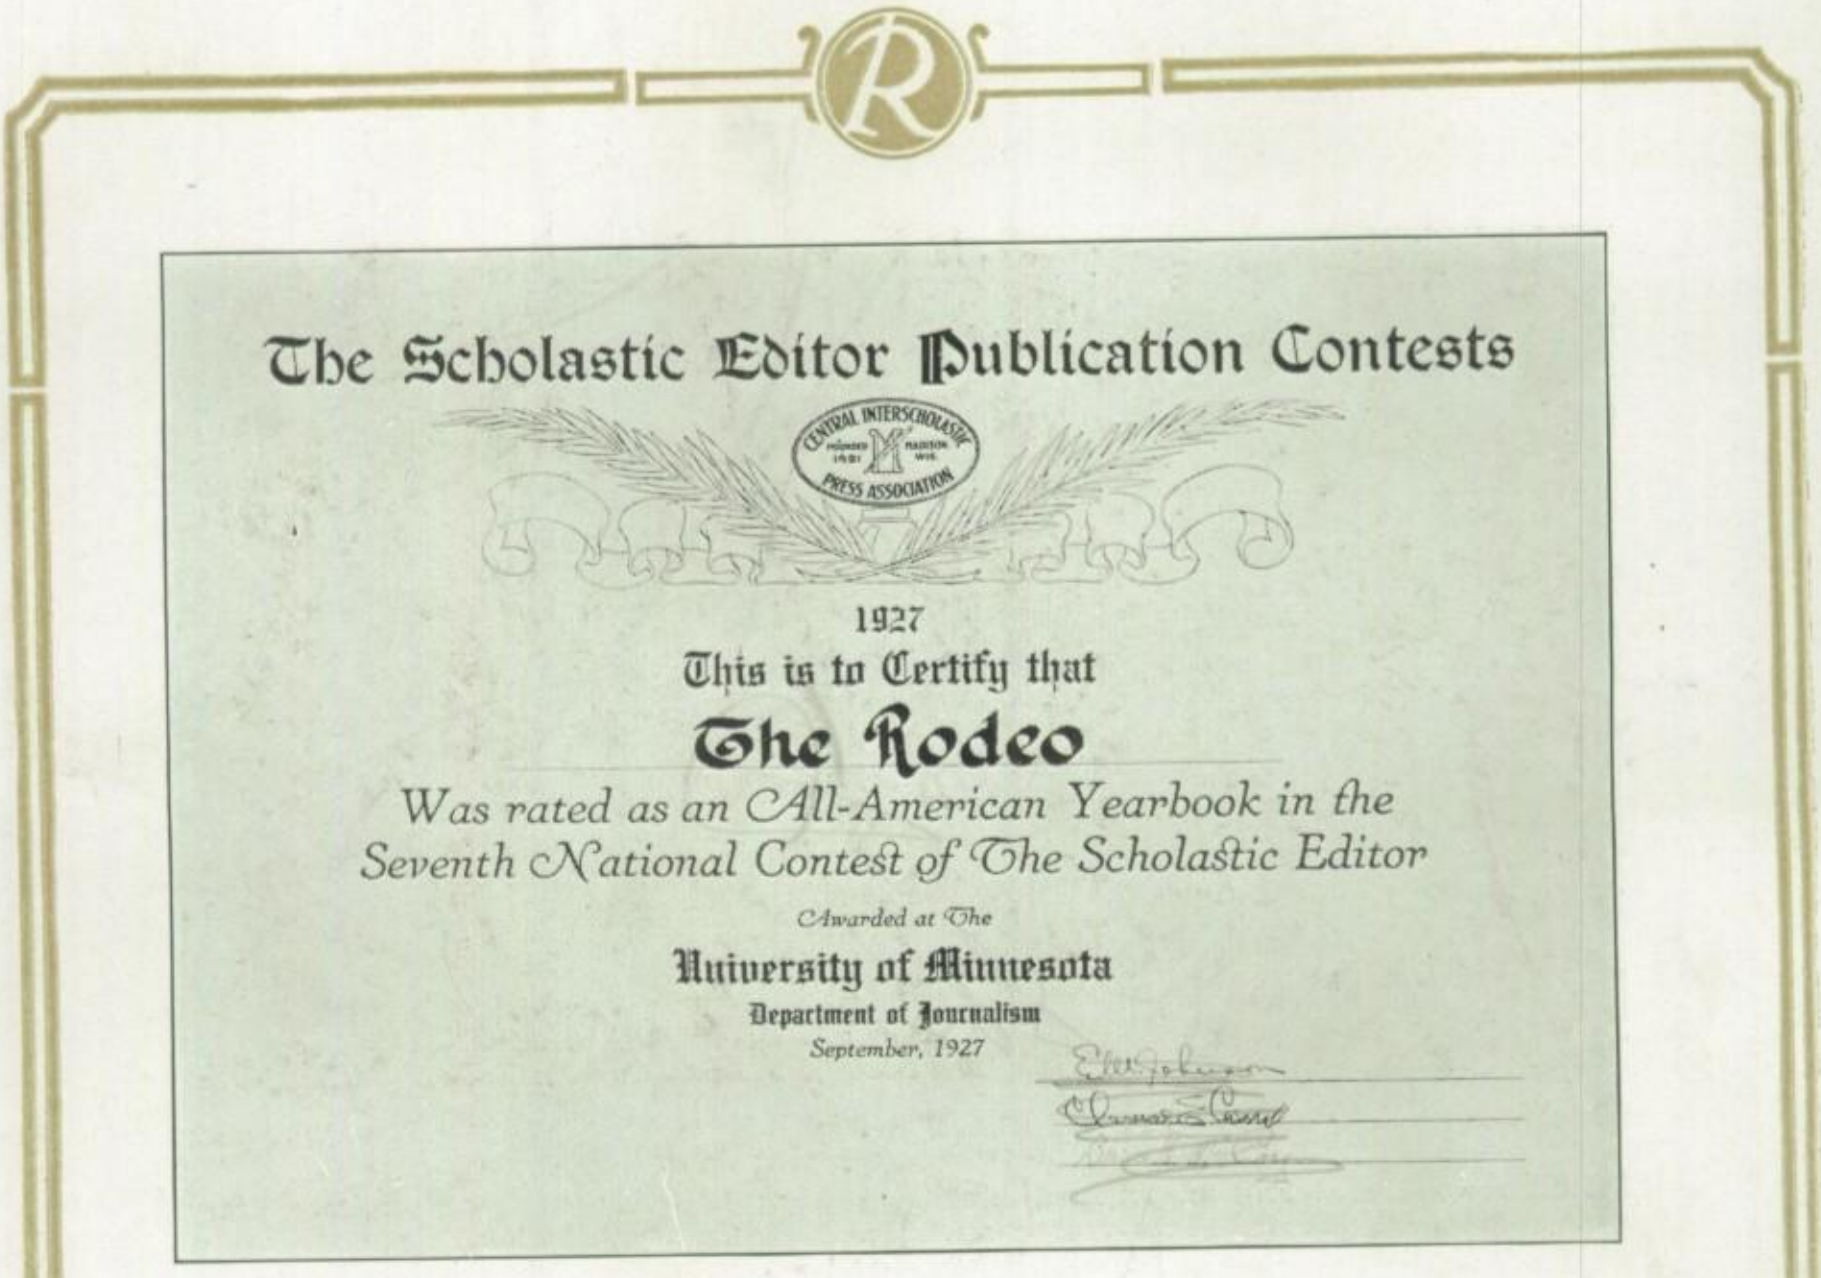
Because of the energetic work of the Rodeo General Staff and the floor managers, Milo Shaffer and David Radam, I am to be taken to a greater number of homes than ever before. I am fifty cents more, but everybody seems to think I am worth it.

My advertising section caused my financial sponsors a great deal of worry. Albert Mathias deserves credit for his efficiency in collecting $550.00 worth of advertising during the fall semester.

Then in the spring William Sheck, Thaddeus Golitz, and my master finished the work. When the task was accomplished, they had succeeded in obtaining $745 worth of advertising, almost $100 more than the best previous record.

My advertisers ought to be satisfied with my advertising section this year, because the snaps mounted by Laura Jane Stillman make it much more attractive.

Mr. Neuenschwander was the supervisor of the business staff, and I want to express my thanks to him for his excellent management.



All-American Honor Certificate

According to the results of the Scholastic Editor Publications Contest of 1927 West's annual *The Rodeo* received All-American Honor Rating. No little credit is due the staff under the faculty supervision of Miss Elizabeth Stevenson and Mr. L. Neuenswander for the distinct honor which has come to West for the first time.

In the division of high schools having an enrollment of 1300-1999 eight received an All-American rating. It may also be interesting to know that in this division *The Rodeo* was the only high school annual in Ohio to place in the All-American class.

"The competitive feature of the All-American contest is considered the least important. Its real purpose is not to create inter-school rivalry, but to provide a means by which staffs may be aided in giving their schools and communities a significant publication, and to help them in the solution of their technical problems. The All-American system of rating seeks to create within the school a year to year effort to improve the quality of the school publications—to establish the ideal of improvement. The schools which receive an All-American rating have a standard to maintain—other schools, a goal to attain."

Rodeo General Staff

The Rodeo General Staff was composed of members of the senior classes who volunteered their time and effort in order to make possible the record of 1175 Rodeos.

There was a speaker and solicitor appointed for each room. It was the duty of the speaker to acquaint the students with the real value of the Rodeo and to explain the benefit derived if sufficient Rodeos were sold. The room was then turned over to a solicitor who finished the task of getting subscribers and collecting the advance payment of $1.00.

The campaign was directed and carried out by Joe Seibert, the Business Manager, assisted by the floor managers, Milo Shaffer and David Radam.

Much of the success of the campaign was due to the efforts of Mr. Neuenschwander, faculty advisor of the staff.

Lariat Executive Staff

The Lariat, West's school paper, is a five column paper which, until this spring semester of 1928, has been published only every two weeks. Through the efforts and co-operation of the staff, the news English classes, under the direction of Mr. Paul Murphey, printing classes, under the direction of Mr. H. A. Sargent, and the student body, a weekly paper is being produced. The staff is issuing seven six-page and seven four-page papers, which are being produced at the former cost of fifty cents.

The first edition of *The Lariat* in the spring of 1922 had a circulation of six hundred, while the present circulation is sixteen hundred. The paper then was a four column, four-page paper.

The reporting for *The Lariat* is done by the students of Mr. Murphey's new English classes. The material is arranged by the members of the editorial staff who obtained their position through the interest of the news classes. The present editor-in-chief with Mr. Murphey select the editor-in-chief for the next semester; the three select associate editors and other members of the staff. The editorial staff decides upon the subjects of the editorials, the streamer head, the details of the cartoon, and the picture—all of which are to be used in the next edition.

Typographically, *The Lariat* is the product of the printing classes under the direction of Mr. H. A. Sargent. The printing classes by printing the insert sheet of the Lariat enable the staff to produce fourteen issues without raising the subscription cost.

Fourth row:—Lucy Price, typist; Dorothy Fogarty, associate editor; Mildred Leibovitz, secretory; Wilbur Barnes, sport editor; Penelope Lapisch, exchange editor; James Myers, advertising staff.

Third row:—Gerald Rowland, asst. sport editor; Helen Fellenbaum, exchange editor; Celia Marcus, typist; Dorothy Sample, literary editor; James Loy, circulation; Marion Campbell, circulation.

First row:—Jack Adams, column editor; Marion Thomas, girls' sport editor; Keith Nesbitt, advertising staff; Mary Alyse Baston, advertising staff; Celia Leitz, typist; Edward Snyder, editor-in-chief.

Lariat Executive Staff

The Business Staff of *The Lariat* has a varied line of work which is under the supervision of the business manager, advertising manager, and circulation manager. The present business manager in council with Mr. Murphey select the manager for the next staff. The two managers select the entire business staff, which Mr. Murphey comments upon and advises changes that he thinks to be for the benefit of the staff.

The duties of the advertising manager and assistants are to secure contracts, get or write copy, decide the position of the ads in the paper, and collect the money for them. This money is turned over to the business manager. The business manager takes care of all business transactions concerning the paper: such as banking money, making purchases, and paying bills.

The circulation manager has a variety of work with which to keep him extremely busy. He has charge of the circulation campaign, keeps accounts with his assistants, and is responsible for the distribution to the subscribers.

The circulation assistants are in direct contact with the home room managers from whom they collect the money and turn it over to the circulation manager who, in turn, gives it to the business manager.

The exchange editor has charge of all exchanges of the paper with other schools and also all mailed subscriptions.

The secretary is in charge of the home room attendance, grades, and grade cards. The typists have charge of typing all material before it is sent to the printers.

Lariat Home Room Managers

The Lariat home room managers are almost as important as the staff itself, for it is due to them that financial backing is given the Lariat. The home rooms are divided into three sections, and a campaign is held between the news English classes. The winning class is rewarded by an afternoon visit to the Beacon Journal plant. Besides the room managers there are the floor managers, who take care of the money.

REPRESENTATIVE MEMBERS

Lois Mort Robert Plummer Mildred Smith

During the fall semester four rooms were 100 per cent subscribers, while the total number of subscriptions was approximately 1300. In the spring, thanks to the efforts of the managers, increasing interest was shown, for 25 rooms subscribed 100 per cent for the paper. The whole number of subscribers was 1600.

The room managers are rewarded at the end of the semester by a red and black bound copy of all the Lariats issued during the term, this is a real retributory for the efforts of the room managers.

Lariat General Staff

The subscription campaign begins the third week of school, when the goodwill *Lariat* is issued. In the first two weeks of the campaign subscribers are solicited, and during the last two weeks payments are collected. During subscription week speakers from the news English classes introduce the paper, while the solicitors obtain subscriptions. The recorders keep the results of the campaign up to date and make reports in rooms and on the sales chart in 417. The home room manager, a member of the home room, then collects the payments, canvasses non-subscribers, and distributes each issue of the Lariat in his room. The money he receives in payment for the subscriptions is turned in to the floor manager and credited to him.

The home room managers have a great deal of work to do, and they deserve credit for their interest and backing given voluntarily to the paper. The great success of the Lariat is due in no small measure to the efforts of these stuents.

Student Senate

During the last year the signs erected on the stairways by the Student Senate, designated as "up" or "down" have done much to relieve the congestion in the halls and on the stairways.

This last semester a dance was given by all the city councils. This affair which was held at Garfield High School, did much to advance the relations between all the high schools.

The Student Senate was organized in 1922 by Mr. E. E. Morley, for the purpose of getting co-öperation of the students in the government of the school. Mr. Culp, Mr. Hinkle, Miss Hettie Murdock, and Mr. W. J. Irwin are the present faculty advisors of the organization. Representatives are elected from each home room. Good citizenship and scholarship are the requirements.

In 1927 with the aid of the Student Senate West was able to forge ahead into first place in attendance, and with the same co-öperation she has been able to maintain that standard. At the present time South and West are tied for first place.

The National Honor Society

One of the most interesting and entertaining programs this semester was provided by the members of the National Honor Society. At this program the Rev. Mr. Yocum spoke on the subject of "Stop! Look! and Listen!" At the close of his speech the certificates of the society were presented by Mr. John W. Flood. The certificates carry with them a four-fold significance: scholarship, character, service, and leadership.

To become a member of this society one must rank in the upper fourth of the class and be an outstanding example of the four-fold idea. Each semester ten per cent of the 12-B class and five per cent of the 12-A class are chosen by a committee of teachers to become members of the society.

Because this society is a national organization, no little credit is due to the senior who becomes a member.

The Honor Society has been under the faculty supervision of Miss Beatrice Rentschler since its organization in 1923.

Student Tutors

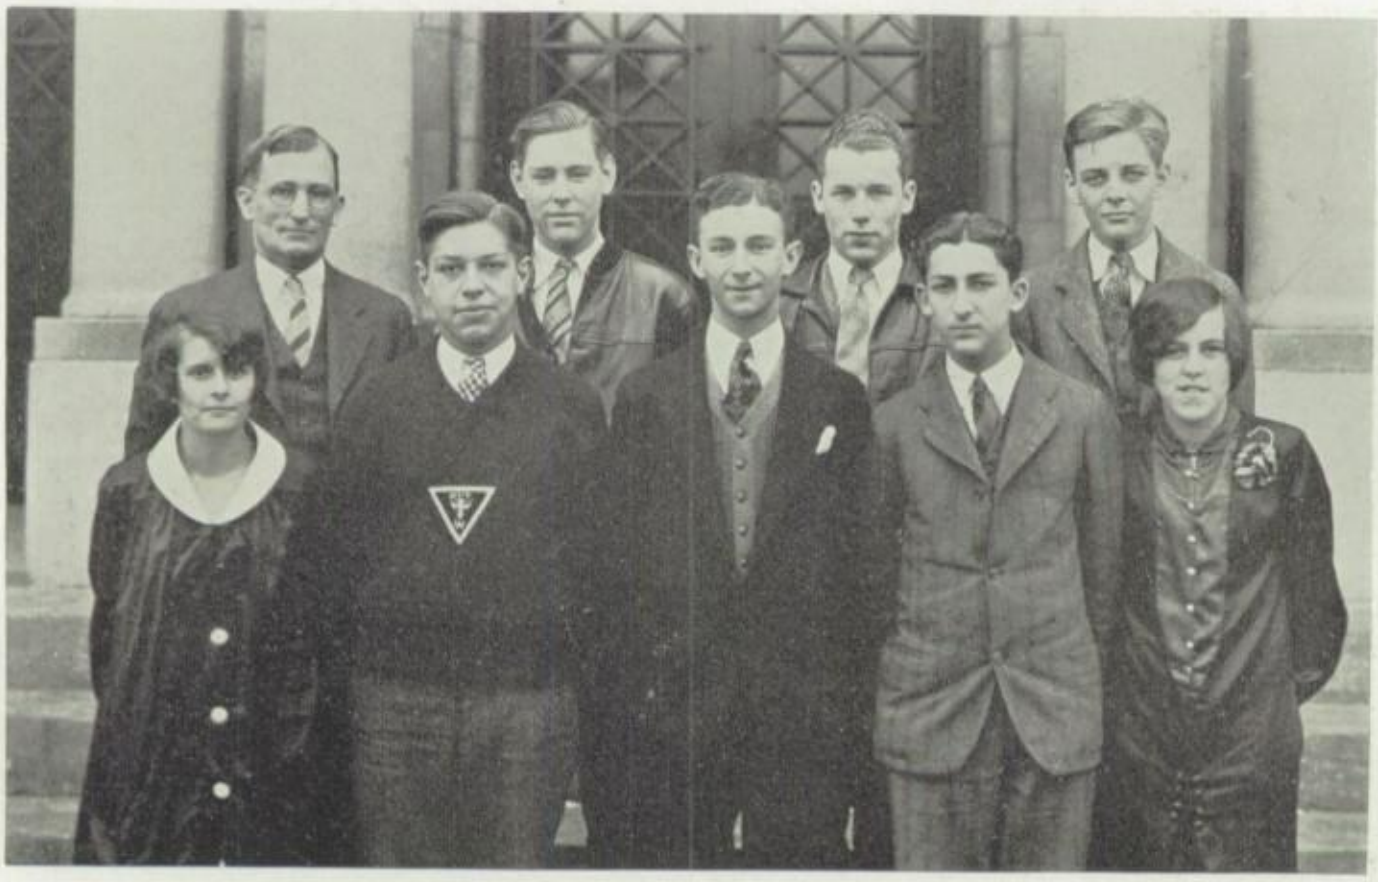
The student tutor activities at West are the outgrowth of student advisors whom they finally supplanted. Many worthy students may be saved from failure by voluntary help on the part of upper classmen. A student body socialized by service became the ideal of the Social Science Department.

REPRESENTATIVE MEMBERS

Myrle Wishart Laura Jane Stillman Portia Shriber

For the last five years this work has been carried on without definite organization on the part of the student body. At present one supervisor is in charge of room 418, the tutors' room, at each period of the day to see that there is no loafing and that the work is carried on satisfactorily and without unnecessary noise. At the present time plans are being made for a banquet which will be for the present and former tutors.

The tutors deserve a great deal of praise for their earnest efforts, for they receive small credit.



Second row:—Mr Horst, Gerald Shaffer, Jack Adams, David Gehring.
First row:—Ruth Wall, Joe Seibert, Irving Blumenstein, Edward Woloveck, Betty Reed.

Student Tutor Supervisors

One of the small and select groups at West is that of the Student Tutor Supervisors. This group is comprised of seven pupils selected by Mr. Henry M. Horst for the purpose of superintending the tutors and tutored. The supervisors have other duties than just being in the tutor room. It is their duty to keep the room presentable, to maintain order in the room, and permit only those who are supposed to be in the room to remain.

The supervisors really act as junior teachers, for they are compelled to keep an attendance book and an estimate book. This book must be up to date at all times. An accurate check is kept on the pupils being tutored.

The students who undertake this work are to be greatly commended. They reap some benefit from this, for they are in constant touch with their fellow students in the capacity of overseers. It is also necessary for them to develop a certain amount of tact and diplomacy.

Debate Club

The organization that backs the Debate Team is the Debate Club. The Debate Club assists the debaters by selling programs and providing entertainment for the visiting debaters.

Many of the members of the club are debaters or have debated at some time. Also some of the members of the club are members of the National Forensic League. Several members are at the present time making names for themselves along this line. Allen Diefenbach, who is a former member and is at present attending Heidleberg college, has had an honor bestowed upon him that few college freshman have, an active place on the varsity. Luther Johnson and Jack Chamberlin are also taking up debating work at their respective schools.

To become a member of the Debate Club one must participate in the tryouts and in the class debates. At the close of these the old members choose those who best qualify for the requirements of the club.

Varsity Debate

The varsity squad is made up chiefly of the members of the Debate Club who make up the debate team.

At the present time two questions are being prepared by the squad. Those studying the farm relief question are; negative: David Radam, Ben Deifenbach, Bob Thomas, Bill Houk, and Nick Syracopoulos; affirmative: Lawrence Knecht, Bob Mills, Dick Washburn and Nelson Sherman. Those studying the tax question are Ruth Lieghley, Eugene Wallace, Lawrence Knecht and Sidney Shear on the affirmative, and Charlotte Margolis, Nelson Sherman, James Stambaugh, Dick Washburn, Leon de Baer, and Henry Wagner on the negative.

Closely related to the varsity squad is the National Forensic League. To become a member one must have represented the school in some form of public speaking and must win one debate or win enough points otherwise to equal one successful debate to earn enough points. The chapter at West High which was organized in 1925 is the only one in Akron. The active members at West High are Bob Thomas, Bob Mills, Lawrence Knecht, and Milo Shaffer.

Miss Dorothy Whittington, the debate coach, is responsible for the success of the teams, and it is through her persistent efforts that debating is coming into its own at West High.

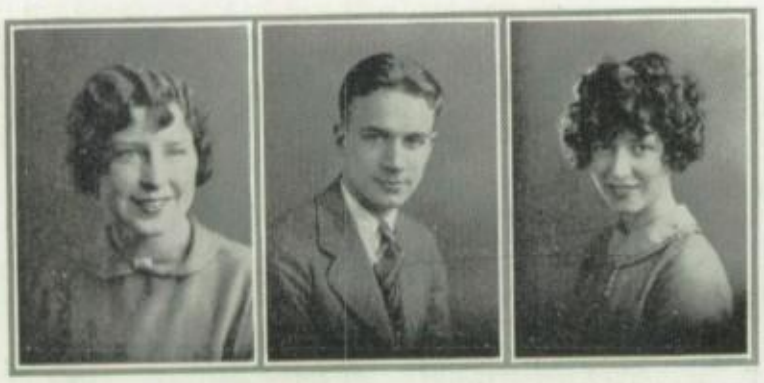
Dramatic Club

"The Thirteenth Chair," a comedy by Bayard Veiller, was presented by the Dramatic Club, under the personal direction of Mr. Claude Arnold, December 8-10-16, 1927 in the auditorium, and February 24, 1928 at Goodyear Theatre. Mystery, with a background of romance, dominates the entire plot, which is briefly as follows:

Helen O'Neil had been sent away while yet a mere child to be reared as a society lady, and now, having grown to young womanhood, she has become private secretary to a Mrs. Crosby.

At a large dinner given by the Crosbys, Edward Wales, one of their guests, plans to mention a possible murderer of a very dear friend of his, whom he thinks is one of the guests. Much excitement is aroused during the accusation of the possible slayer, and Wales is stabbed during the seance. Suspicion points to Helen, who is well defended by her mother, Madame La Grange, the medium.

REPRESENTATIVE MEMBERS



Magdalene McGuiness Warren Cross Billie Rector

The Crosbys, in defending the girl, partly convict their own daughter, Mrs. Helen Trent. Madame La Grange is finally given ten minutes to save her daughter, and during this time she uses her spiritualistic powers to remove all suspicions.

After the ten minutes of mystery, action, and excitement, the fight by a mother to save an innocent daughter ensues, and of course, everything happens for the best in the end.

Dramatic Club

The Dramatic Club was organized in 1922 by Miss Naber, Miss Moery, and Mrs. Emde. During the first year three one-act plays were given.

In 1923 under the direction of Miss Waffe, the club presented *In Walked Jimmy* and *The Minister Pro-tem,* the latter of which was given in chapel, and the former, for two evenings in the spring.

Mr. Dwight Packard held the directorship from 1924 to 1927 and among the many plays produced were *The Passing of the Third Floor Back, Mrs. Bumpstead-Leigh, When Doris Comes to Town,* and *The New Poor.*

In the fall of 1927 the Dramatic Club passed under the supervision of Mr. Claude Arnold, and thus far has produced *The Thirteenth chair,* one of the most difficult plays attempted, and a one act play in the spring.

Girls' Glee Club

This spring the operetta *The Ghost of Lollypop Bay* by Charles Wakefield Cadman, was given by the combined glee clubs, under the supervision of Miss Priscilla Dackerman. It was a very clever little operetta which concerned two summer camps that were situated on the shores of Lollypop Bay. The girls' camp was under the supervision of Miss Jemima Steel (a spinster, because of circumstances rather than choice). This part was well portrayed by Josephine Ford. Huston Trussell played the role of Professor Alvin Flint (a bashful bachelor). A great deal of commotion and many difficulties were caused by the appearances of several ghosts, but finally all the obstacles were overcome, and the "Ghost is Laid."

Boys' Glee Club

The Boys' Glee Club was organized in 1914 under the direction of Miss Hamilton. Four other directors have had charge of the club since it was organized, and at present Miss Priscilla Dackerman is the director, having come to West in 1924.

Every student wishing to become a member must have one year of advanced chorus, unless he is talented enough to be enrolled sooner.

Many famous operettas have been produced by the combined clubs in recent years, among which are Gilbert and Sullivan's *Mikado* and *The Ghost of Lollypop Bay,* by Charles Wakefield Cadman. The former was given in February, 1927 and the latter in March of this year. The club has been entered for the last three years in the Musical Festivals held at the Armory during National Music Week, and each time the Boys' Glee Club has won a very high place among the glee clubs of the Akron high schools.

Members of the club who have been prominent in the music clubs of Akron are John Stein and Gerald Stotlar.

Band

The West High Band has existed ever since the school was first opened, but it never attracted much attention until it was definitely organized in 1923 by Mr. Vernon Kelly and Mr. W. J. Irwin. From a membership of sixteen it began to grow steadily, and since then at various times has had a membership of sixty students.

In 1924 the band took third place in the State Band Contest held at Fostoria. In 1925 the state Contest was held in Akron, and West's Band took second place, being outplayed only by Fostoria.

No game is ever without the faithful band; one would hardly be complete without it. The band plays for nearly every parade, whether held by the school or by some civic organization and always brings praise to West High.

Under Miss Dackerman's direction the orchestra rose in success, and in 1927 Mr. Campbell, the present director, took charge. The orchestra filled many engagements during the past school year playing for various outside entertainments. It is constantly at work, practices twice a week, and plays for Commencement, operettas, exhibits, Parents' Night, and Class Night.

Among the former members of the orchestra who have made a name for themselves are Isabelle Workman and Arthur Dobkin. Isabelle Workman is now studying with the famous Professor Leopold Auer in New York City. Arthur Dobkin plays in the Akron University orchestra and also teaches violin.

Aero Club

The Aero club was organized in 1924 by Mr. Hummel, who was succeeded by Mr. Peddicord in the fall of 1927. Club membership and activities have greatly increased within the last year. The ultimate aim is to develop interest in aviation among the boys who will be called upon to assume tomorrow's leadership in this industry. The immediate aim is to construct models to be flown in competitive contests, as the city wide contest held during the annual balloon races.

Many awards have been received by members of this club. In 1926 members won three places in the Akron Aero Contests. In 1927 Charles Miller won a cup as first prize for duration flight of model aeroplanes.

Chemistry Club

The Chemistry Club was organized in 1921 by Mr. V. S. Culp and Mr. A. J. Snearline, its present advisors. Its success must be attributed to the interest the students have always maintained in it. It's purpose is to further the study of chemistry by hearing outside speakers, whose professions lie in the scientific field, and to visit various factories where science and chemistry play an important part in the manufacture of the products made there.

Membership is open to students taking chemistry, or to any pupils who have had chemistry, and each member is required to attend each meeting in order to remain in the club. Meetings are held every two weeks after school. During the past year many prominent scientists and professors have spoken at various meetings and made the study of chemistry more interesting to the student members.

Censowe

One of the most active clubs at West is the Censowe. Through a four-fold program of work, play, service, and inspiration, this club under the direction of the Y. W. C. A. is developing higher ideals of Christian citizenship.

By the means of various activities such as meetings, hikes, and social affairs, a spirit of friendship and good-will has been created among the West girls and those of other schools.

Censowe

West High's Censowe club has made a name for itself among the other clubs of the city, and through its generosity at Thanksgiving and Christmas time it ranks first, a fact of which West is extremely proud.

At Thanksgiving time the Censowe sponsored the barrels which were placed in the corridors to receive the donations of the students. Their efforts were greatly appreciated, although they were not backed to the limit by the student body.

The dressing of thirty-five dolls at Christmas time for the Family Service Bureau formed the Christmas project for the club. These dolls were received with loud acclaimations by the children to whom they were given, and once more the Censowe had made some little children very happy.

It has been the custom of the club to fill the Easter baskets for the Children's Hospital. The girls derive a great deal of pleasure from this, but their pleasure is greatly exceeded by the happiness and pleasure which they give.

The Thrift Club

The Thrift Club is composed of the members of the bank. the floor leaders, the home room managers, and their assistants. It is an organization whose ideals and purpose are the same as the bank; namely, to encourage thrift and stimulate depositing.

REPRESENTATIVE MEMBERS

Each Tuesday the thrift manager of each home room determines his percentage. Reports are then collected, and a tabloid report is summarized and distributed throughout the school.

Once a semester the Thrift Club has charge of a chapel program, and this semester Homer Wolf and his orchestra gave the program.

During the latter part of May the club is planning a social for all the members.

The Bank

One of the most practical student projects at West is the high school bank, which was organized in 1923 by Mr. C. E. Butcher under the direction of Mr. E. E. Morley.

The bank has a twofold purpose: first, to encourage the idea of saving and thrift by stimulating depositing; and second, to provide experience in handling cash which is a very necessary factor in commercial education. At the present time the bank is putting on a "new account campaign" to increase the number of depositors. With the co-operation of the student body West should forge ahead in thrift next year. An account may be started by depositing from a penny up. Everyone has an opportunity to deposit, for the bank is open every Monday, Tuesday, and Wednesday, the first period until the lunch period, inclusive. Ellesworth Eblen is president of the bank; Carmen Wyant, vice-president; and Thelma Herdman, secretary. Under the supervision of these three the bank carries on all its activities. Work in the bank has proved an asset to many of the students. The following are a few of the pupils who have been placed in excellent positions because of their connection with the West High Bank: Helen Gunyan, Ohio State Bank; Mary Muck, Office Mgr. Federal Paper and Twine Company; Donna Burkhart, Akron Grocery Company; Dorothy Sherman, Times Press; Alma Betteridge, Akron Rubber Mold; Ruth Myers, National City Bank; Alice Busch, Pockrandt Paint Company.

Librarians

The present library system was organized in the fall of 1923 by Miss Emma Stuckey. Fifteen student librarians are actively engaged in library work every period of the day, aiding students in looking up references, keeping the books in good condition and in their proper places, and issuing books after school hours.

The qualifications for a librarian are: an average scholarship for routine work and a high scholarship for reference work. In addition to this, a student must be an upper classman, be regular in attendance, show ability, willingness to work, initiative, and capacity for working with people. This experience trains the students for an executive position and enables them to gain a wider knowledge of good books and authors.

There are now approximately 2500 books in the library, of which 300 have been added this year. The student librarians are now planning to organize a club as soon as possible.

At the present time the library is under the supervision of Miss Emma Stuckey and Miss Grace Todd.

Hi-Y Club

The Hi-Y Club was organized in 1919, receiving its charter in that year under the supervision of Mr. H. C. Piehl. Mr. Paul Bryant is the present faculty advisor of the organization. The purpose of the club is: "To create, maintain, and extend throughout the school and community, the high standards of Christian character."

Membership is not limited to any class, and is granted upon a vote of unanimous acceptance. Each semester a freshman mixer is staged for 9-B boys. This is usually the first project to be undertaken in the semester, in accordance with a long established custom. City-wide and state-wide conferences are held at intervals throughout the year, and are always well attended by a large group of those interested in the success of the club elsewhere. One of the by-laws is that the whole club must attend church in a body, one Sunday each school semester.

Girl Rooters' Club

REPRESENTATIVE MEMBERS

The largest club of the school is the Girl Rooters' Club, organized in the fall of 1923 by Annabel Cranz in order to arouse a school spirit among the girls and back the school teams in all athletic contests. The present club has followed this original purpose as is shown by the volume of cheering at the last term's games. After the football and basketball seasons the club raised money and gave the boys a banquet.

The club holds a meeting every week. At one meeting business of the club is discussed, and at the next the girls are entertained by the coach, a member of the team, or by a group of girls.

Girl Rooters' Club

During the fall semester the Rooters' club elected three girls to lead the cheers at the meetings. These cheerleaders helped to make the meetings peppier and more enthusiastic. As the results at the games showed, the rooters improved the cheering section.

About the same time a campaign to increase the membership was decided upon by the president and the faculty advisors, Mrs. Mabry and Miss French.

Corridor and Lunch Table Guards

WHS NO 53

West High has had corridor guards ever since 1922, when they were organized by Mr. Vernon S. Culp to keep order in the corridor. In 1927 the number of these guards was greatly increased, and the lunch table guards were added to the group. Mr. W. J. Irwin, who is responsible for organizing them, became the faculty advisor of the combined groups at the same time.

The duty of the lunch table guards is to keep order in the lunch room by seeing to it that all waste paper, empty bottles, and lunch room stools are kept in their proper place when not in use. Cleanliness in the lunch room, in other words, is their biggest aim.

Any student who wishes to become a guard must comply with two requirements in the course of becoming one. First, he may either be selected by Mr. Irwin or he may send in an application to him. Second, before he can be placed on duty, he must be recommended by three of his teachers. This latter requirement applies to each part of the former.

AKRON 505 SCHOOL POLICE

Traffic Police

The traffic police force or the Junior Order of Akron Police of West High was organized in 1927 by Mr. W. J. Irwin for the purpose of directing the heavy traffic in front of the school and further assuring the safety of the students in crossing the street.

The force is selected by Mr. Irwin, and each member is required to take an oath of office under the City Safety Director before he is permitted to exercise the authority of an official policeman. Members of the squad are on duty at intervals during the day, before school, during the lunch periods, and after the closing of the seventh and eighth periods.

was organized last year it has been complimented by the City Safety Director as being the best in the Akron high schools. This statement is to be further strengthened by the fact that West High is the last of the Akron high schools to take up this safety step with the exception of Central High.

Art Club

Doll pin-cushions, calendars, Christmas cards, and hand painted scarfs were a few of the novelties sold so rapidly at the annual Christmas bazaar of the Art Club. The members of the club designed and made all the articles sold in order to raise money to buy casts for the art room.

In 1923 the club was established by Miss Bessie Rhodes in order to further art in the school. Since then this group of students has been actively engaged in helping to make scenery and costumes for school plays, posters, cards and novelties at Christmas time. The Art Club offers a chance for students interested in art to use their knowledge in practical ways. A number of these have done outstanding work. Among these Helen Wright, president of the club, painted the scenery used in the city art pageant this term.

To become a member of the Art Club a student must have had a year of art and an average of at least eighty-five percent in that subject. Exceptions are sometimes made in the case of students in an advanced class who have shown exceptional artistic ability.

Rogues'

Gerald Shaffer

—Alias *Jerry—Lady Ruth.* A sad example of the effects of too much studying. Spends half his time at Grand Avenue,—the rest in 417 sleeping.

Description—Thin, rasping voice, foreign accent, orchid eyes.

John Henry Palmer

—Alias *Johnny—Big Boy.* Has ritzy voice—well off. Four out of five don't have "It." He's the fifth. Has numerous responsibilities. He is as versatile as a drug store clerk, being able to read, write, and flirt. Not married, but willing.

Description—loves everybody; bow tie, big blue eyes.

Albert Mathias

—Alias *Al, the Fox (terrier).* He manages the money of the class; therefore loses much sleep at school. Has a heart like a hotel—room for everybody. Bought a pair of glasses so he could see. Behaves nicely at all times except when asked for money.

Description—field binoculars, checkered vest.

Frederick Windsor

—Alias *Black Jack Ted.* Pray for sales resistance when Ted comes around. It was his fault the mails were flooded at Christmas time. If he had some brains, he'd be a smart boy, if he knew how to use them. The last time he went to a barber shop the barber told him he'd have to wait two years for a shave.

Description—peroxide blonde, curly teeth, Greek profile.

Gallery

Lawrence Brewster

—Alias *Tiny Tim*. The more he goes to school, the more he goes to school. He ruined all the football games with his sixty yard flashes. Easily recognized by his rosy knees. If found wandering around, wrap securely and send to Wittenberg.

Description—Roman legs, creamy eyelids, always carrying books.

Horace Smith

—Alias *Roughneck Red*. "Horace, where are your rubbers?" If Horace got his feet wet, he couldn't study his English. You can see him a mile away. He is the proud owner of the latest Ford joke. *Roughneck* says he never had a wreck since he got his car. We believe it, but he had an awful wreck when he got it.

Description—green hair, ruffled panties, W's all over his clothes.

Ray Zimmerman

—Alias *Violet Ray*. The trouble with Ray is all the girls love him, but he doesn't love any of 'em. He became famous as a stop-back on the football team. He reminds us of a piece of rare old Venetian tapestry.

Description—taking ways, overgrown, polka-dot suspenders and sox to match.

Donald Kuhlke

—Alias *Don, the (y) eggman*. Has a peculiar desire to annoy the ivories. Enjoys playing tiddley winks and not eating lunch. Believes in the emancipation of students. When asked what he thought about girls, he said they were all fickle.

Description—extraordinarily gaunt, cute eyelashes, carries a piano in his pocket.

Sometimes you see two at the steering wheel,
Pauline Sanford and "Big Bill" Kneale;
None more loyal than "Bill" and his girlie,
He loves her so cause her hair is curlie.

What a handsome couple are Ruth and George Shaw.
Such bright red hair I never saw;
Not a day goes by that he hasn't seen her —
And for lunch he buys her a weiner.

Every time anyone wants To know
What makes "Dave" love Edith so;
She'll say with a blush, "It's very simple,
He fell in love with my charming dimple."

Every fellow has a sweetie
All his own and Dwight has "Beatie";
He sometimes mourns because he's fat—
She likes him in spite of that.

These two are a very common sight,
John Bailey thinks Helen is always Wright;
He, fond of sea terms, is quite a debator,
But best of all he likes to date her.

If it be true that love is silly,
Then who is more foolish than "Bob" and "Billie."
He watches her do those solo dances,
And follows her 'round with loving glances.

East is East — and never the Twain shall meet,
But East gave "Huck" some posies sweet;
His cutie's name is Harriet Kerr
He walks home every day with her.

Sweeties may come and sweeties may go
And will these last? We want to know!
For love is fleeting and fickle, very,
But none can separate Ruth and "Jerry".
